

AQUATEC®

Ocean Ergo

Modular personal care solutions

SAFE | INDEPENDENT | ERGONOMIC

Design-focused on user experience to enhance independence, safety and flexibility.

Personal care is highly private activity and is an important part of a person's life and wellbeing. The **Aquatec Ocean Ergo** shower chair commodes have been designed with user comfort, independence and dignity in mind. Based on the well-established Aquatec Ocean range, the Ocean Ergo comes packed with a range of new features, designed to make personal care activities easier for both the user and carer.

Safety, independence and dignity

A newly contoured seat surface has been developed to encourage a more upright and stable seating position, promoting independence and overall

comfort. Enhanced stability at the front of the base allows for a smaller footprint and offers users added safety and reassurance when seated in the chair. Furthermore, the optimised wheelbase makes it even easier for a carer to manoeuvre the chair in small spaces as well as allowing for a better fit over standard toilets for independent toileting.

Modular and flexible design

The modular design of the Ocean Ergo means that the chairs can be adapted to suit a wide range of user needs by making some simple adjustments, or by adding some of our easy to fit, off-the-shelf accessories.

NEW Contoured, ergonomic seat plate

- ▶ Based on the physical imprint left behind when seated
- ▶ A 5° seat tilt lifts the knees into a natural squat position for toileting
- ▶ Transfer supports at the front to allow the user to position themselves into a comfortable position and aid side transfers for active users

OTHER features include:

- ▶ Stable, stainless steel frame
- ▶ Machine washable, tension adjustable back with quick-release buckles
- ▶ Easy disassembly for decontamination, transport and storage

NEW FEATURES

1 Innovative ergonomic seat

- ▶ Insight-led design encourages a more upright seating position for enhanced independence and comfort

2 Greater adaptability

- ▶ With an increased height adjustment range on the footrests and armrests

4 Compact and easy to handle

- ▶ Optimised wheel base makes it easy to manoeuvre in small spaces

3 Extremely stable

- ▶ Enhanced stability at the front for additional safety and reassurance

Highly Configurable

Available with a extensive range of positioning, safety, toileting and seating accessories that can be used to support a wide range of conditions and postural needs.
